2.6 Innovative processes adopted by the institution in Teaching and Learning:

Different teaching styles like readings, lectures when necessary, group discussion, seminars, field trips, lab exercises, projects etc are made. This is augmented with the use of audio-visual teaching methods and digital resources. This use of technology as a learning-aid has been an important addition to the teaching approaches adopted by the faculty. LCD Projectors, Computers, Internet facility are some of the technological helps made use of by the faculty for

effective teaching. One class room has been converted into an Audio-visual classroom with technological aids like LCD projector, Internet service, and whiteboard available. We make sure that teaching-learning itself gets out of rote learning and promotes a creative and critical engagement. This has meant an attempt to get away from the tried and tested lecture method that reduces students to passive objects and put in place interactive learning mechanism that encourages a student to be a participant in the process.

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vivekananda Mission Mahavidyalaya takes upon itself the responsibility to impart quality higher education in the Haldia subdivision of Purba Medinipur district. We are committed to motivate and equip the students from this rural area to compete and survive with their urban counterparts on equal terms. At the same time, we take care to instill in our students the right values and a feeling of responsibility towards society. The students are encouraged to develop themselves

through value based education after the ideology of Swami Vivekananda. “Esho Manush Hao”, the immortal words of Swami Vivekananda that enjoins us to become and help others to become right thinking human beings “Be Man & Make Man” remains the abiding ideal of the institution.

6.2 Does the Institution has a management Information System

No

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

1. Introducing new courses at Undergraduate level and opening a Postgraduate arm.
2. Increased participation of teachers in the workshops organized by the University. The teachers go prepared in such workshops with suggestions based on their experience in class-room teaching and close interaction with the students.
3. Increased representation in the University Board of Studies. With Postgraduate courses in Bengali and Philosophy opening in our college, the Heads of the respective Departments find a place in the University Postgraduate Board of studies and a chance to put across their well considered proposals for consideration.

6.3.2 Teaching and Learning

1. Preparation of an institutional academic calendar in accordance with the University academic calendar.
2. Formulation of teaching plans by individual departments.
3. Increasing use of technology mediated teaching methods.
4. Introduction of remedial classes for slow learners and provision of tutorial classes in the class routine.
5. Organization of Students seminars and Departmental level seminars.
6. Putting in place a feedback mechanism with regular collection of students’ feedback to ensure improvement in the teaching – learning mechanism.
7. Organization of educational tours, field works and projects by the concerned departments.

6.3.3 Examination and Evaluation

The institution implemented the new evaluation reforms initiated by the affiliating University from the academic session 2006-07 whereby 10% marks are set aside for internal assessments. Five internal assessments of 20 marks in each Honours paper and two such in each General paper are to be held in an academic session. A percentage of the marks attained in these tests are duly included to that achieved in the University Examination. Other than this the University has gone for a major overhaul in the examination structure with the 1+1+1 system in place.

Bound as the institution is by the University guidelines it does not have much leeway in framing its own evaluation pattern and thus does all it can to best implement the University framework

6.3.4 Research and Development

1. Persuading faculty members to undertake research projects with external funding.
2. Facilitating increased participation of the faculty in national and state level seminars and Workshops by allowing them duty leaves on such occasions.
3. Organization of UGC funded seminars / conferences / workshops.
4. Sanctioning study leaves to teachers who are in advanced stages of research or to facilitate advanced study in a research centre or library.

6.3.5 Library, ICT and physical infrastructure / instrumentation

1. Enrichment of the library by making continuous purchases and proposing availability of N-LIST services to the faculty.
2. Ensuring that the library develops as a modern day learning hub with internet and other digital resources available.
3. Computerization of the library with the Online Public Access Catalogue process in place
4. Construction of a new library floor with enhanced sitting capacities and space.
5. Expansion of infrastructure consistent with the growing ambition of the college.

6.3.6 Human Resource Management

1. Appointment of full time teaching faculty strictly following WBCSC recommendations.
2. Appointment of efficient Guest faculty through transparent selection process following the Vidyasagar University appointment norms with remunerations commensurate with if not more than that paid by any other educational institution of the region.
3. Facilitating enrichment of teachers by allowing them to participate in Orientation Programmes, Refresher Courses, Summer/Winter Schools, Short Term Courses etc.
4. Building up a proposed Network Resource Centre comprising perhaps five to six computers connected to the internet which teachers of the departments that do not have individual computers can source.

6.3.7 Faculty and Staff recruitment

The Director of Public Instructions (DPI), Government of West Bengal sanctions posts of faculty and staff going by the due processes and formalities as adopted by the State Government for creating and approving substantive posts. As far as the selection of the faculty members is concerned, the West Bengal College Service Commission is vested by the State Government with the power and duty to select candidates according to UGC regulations and recommend them to individual colleges taking into account the particular candidate's merit position and choice. For recruitment of guest faculty the college follows the Vidyasagar University norms for such appointments.

6.3.8 Industry Interaction / Collaboration

1. Elicitation of support in setting up the scientific infrastructure of the college.
2. Elicitation of assistance in upgradation of the I.T. infrastructure.
3. Involving the industry and seeking professional advice from them about future employment prospects of our students through the Career Counselling cell.
4. Developing ties with the industry so as to facilitate increased collaboration between institute and industry.

6.3.9 Admission of Students

The college ensures wide publicity for the admission process. While the Institutional website provides details of the admission including providing the admission form and Prospectus, there are more conventional means like prominently displaying the admission details in the college notice board. Sometimes advertisement are also put in local newspapers and T.V. Channels or billboards hung in prominent locations like the Chaitanyapur intersection, but this is mostly done when new courses or subjects are introduced. Generally students in the vicinity know the subjects the college traditionally offers. The Prospectus as well as the institutional website in a detailed way lists the various subject combinations, fees, other necessary details to the students opting for admission to the college.

Reservation of seats according to government rules is strictly maintained, so that students from disadvantaged communities, i.e. S.C., S.T have access to higher education. For example 22% seats are reserved for Scheduled Castes and 6% for Scheduled Tribes. Moreover, differently disabled students are also accommodated with 3% seats reserved for them.

Admission takes place strictly according to the Merit Score prepared as per norms and regulations of the Government of West Bengal, Ministry of Higher Education and Vidyasagar University. Both the aggregate marks and the marks obtained in the subject the student intends to major are taken into account while preparing the Merit list. For some programmes like Commerce, Mathematics and Computer Science where the demand ratio is not that high we have started following the direct admission process.

6.4 Welfare schemes for teaching, nonteaching staff and students

Some of the welfare schemes available for teaching and non-teaching staff include

1. Providing Part time permanent teachers an ad hoc amount of money before their salaries are disbursed by the Treasury of the Government of West Bengal which is not always very regular.
2. Providing an ad hoc amount of money to its newly appointed staff for months before their pay fixation and other government formalities are complete.

3. Presence of healthcare facilities in the campus. The Health Centre with first – aid kits, and common medicines is useful in a medical emergency.
4. Establishment of an Employees Credit Co-operative Society, a fund built up by the employees of the institution with regular contributions that comes to the aid of the employees in financial exigencies.

6.5 Total corpus fund generated: The reserve fund or corpus lying with the institution at the beginning of the accounting year 2013-14 is Rs. 36, 90,349.12.

6.6 Whether annual financial audit has been done Yes No

6.7 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	No		Yes	Academic sub-committee
Administrative	Yes	Abhyuday & Associates, 9A, Abdul Rasul Avenue, Kolkata-700026	No	

6.8 Does the University/Autonomous College declares results within 30 days?

For UG Programmes Yes No

For PG Programmes Yes No

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

No, the affiliating university does not have any provision of according autonomy to its affiliated institutions.

6.11 Activities and support from the Alumni Association

Alumni Association of our College Praktanee has emerged as an important stakeholder. They have of late been holding regular Alumni Association meetings and have been interacting with the management. There is a room in the college set aside for the Alumni Association.

6.12 Activities and support from the Parent – Teacher Association

Parents-Teachers Association is formally in place in the College, which meets once in a year but most of the interactions between parents and teachers take place on an informal level. The parents of the students are called when the students do not perform to the expected level or when they are irregular in class. For any misconduct, the Principal meets the guardian/ parent before taking any strict disciplinary measure.

6.13 Development programmes for support staff

None has been arranged

6.14 Initiatives taken by the institution to make the campus eco-friendly

We have ensured that the campus is a no-plastic zone by forbidding plastic products not conforming to environmental regulations. Awareness campaigns about energy conservation have been undertaken. Deep pits in unused campus area have been dug for the disposal of biological wastes. As regards chemical wastes separate storage containers are in place for metal wastes, halogenated solvents, non-halogenated solvents and acid wastes.

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

Innovations introduced include

1. Availability of rooms all the Departments have now been provided individual departmental rooms.
2. Creation of a technology enabled learning space.
3. Completion of the computerization of the library catalogue. OPAC services are slated to begin.
4. N-LIST facility available.
5. Increase in the internet density:
6. Introduction of two new programmes.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

We are satisfied with the outcomes to our plans.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

BEST PRACTICE-1

Title of the Practice: Empowering the students of the rural belt of Purba Medinipur by giving them access to more choices and better infrastructure for higher education.

Goal: The College mainly caters to the students of the rural belt of Purba Medinipur, specially the outlying areas of Sutahata. Though this area is close to the industrial hub of Haldia, yet it is still very much rural as far as its infrastructure and human amenities are concerned. It is our desire to motivate and equip the students coming from this rural outlying locality to compete and survive with their more fortunate brethren in the urban areas in this era of cut-throat competition.

To empower and encourage the students and meet their necessities the College has introduced new and emerging subjects in the College curriculum, proposes to offer Postgraduate courses, carried out expansion and modernization of the infrastructure, given them exposure to Career choices through the Career Counselling Cell and financial support in the form of concessions.

The Context: The rationale of the expansion in Undergraduate courses remains the need to give students wider choice in their selection of both Honours and General Courses. The proposed introduction of Postgraduate level studies once again is an attempt to meet the demands of the local student community who had to travel more than one hundred and fifty kilometers for Postgraduate education in Vidyasagar University in the town of Midnapur. The college understands the importance of modern infrastructure in providing a rich teaching learning experience to the students and an increase not only in the existing College area but also in the advanced learning aids speaks of the initiatives taken by the authorities.

The Practice: The College has taken the following initiatives to widen the access to higher education and student empowerment:

- Introduction of new subjects both in General and Honours Curriculum and proposed introduction of Post Graduate studies. Bio Sc. (General) with Botany, Zoology and Nutrition as Electives has been opened this year along with introduction of Education as an Honours subject.
- Addition and modernization of Infrastructure facilities

Infrastructure	Existing	Added/Present

2013-14	295	72800

- Career Counselling - A Career Counselling Cell has been put in place for the fact that our duties do not end only with academic enrichment but extends to making the students job-ready Some of the functions of the Cell are as follows:
 1. Information about various competitive exams.
 2. Beginning of courses like spoken English that will help students in the job market.
 3. Subscription to job-oriented journals like Employment News, Karmakhetra and others.
 4. Display of advertisements of the competitive exams in the Career Counselling Cell notice board for the attention of the students.
 5. Providing assistance in an informal capacity to students preparing for competitive exams.
 6. Inviting placement agencies for interaction with students.
- Completion of the computerization of the library catalogue process and proposed commencement of OPAC services.
- Sending seminar proposals for UGC's consideration.

Evidence of Success: In all the indicators of student progression the college has moved forward. The total number of students, the annual intake, the ratio of girls to boys, pass percentages, drop-out rates and number of first- classes all have seen perceptible betterment. Twice in 2008 and 2010, students from the Department of Philosophy Abanti Das and Kashmira Khatun have topped the University undergraduate examination, bagging the gold medal in the bargain.

Problems Encountered and Resources Required: A persistent challenge faced by our endeavor is the paucity of qualified staff. We have addressed this problem to an extent by appointing quite a few retired full-time teachers, but have not been able to completely solve the issue. It is because the State Government is often tardy in either sanctioning new posts or filling

up existing ones. For example, no new full-time appointments could be made by the college after 2010 as the West Bengal College Service Commission which is vested by the State Government with the power and duty to select candidates according to UGC regulations and recommend them to individual colleges taking into account the particular candidate's merit position and choice is conducting its present selection process after a gap of about five years. With new courses being opened with a healthy regularity in the college, the problem of the time lag between the Courses being opened and the Government approved faculty being appointed has meant that Part time or ad hoc appointment has to be made for the time being by the college. So, whenever, the college introduces a new course, for the first few years, the Department is manned by Part-time (Permanent) teachers or Guest Lecturers before new posts are sanctioned and filled up. Therefore, in all the subjects the college has introduced lately like Education, Nutrition, Botany and Zoology we have yet no full-time faculty.

BEST PRACTICE-2

Title of the Practice: Be man and make man (*Esho manush hao*)

Goal: "Vivekananda Mission Mahavidyalaya" is committed to impart quality higher education in the Haldia subdivision of rural Bengal. The College believes in the words of Swami Vivekananda - "*The education which does not help the common mass of people to equip themselves for the struggle for life, which does not bring out the strength of character, a spirit of*

philanthropy, and the courage of a lion – is it worth the name? Real education is that which enables one to stand on one's own legs.” Education must provide “*life-building, man-making and character making*” assimilation of ideas so as to develop an integrated person – one who has learned how to improve his intellect, purify his heart, handle his emotions and stand firm on moral virtues and unselfishness.

The Context: In the year 1968, Vivekananda Mission Ashram felt the need to establish a centre of higher learning for the rural population of adjacent villages under Sutahata Police Station. Swami Vivekananda believed that “*Education is the manifestation of the perfection already in man.*” In our college, we motivate our students not only to get a University degree but also to realize their innate potentialities, potentialities that if not identified would perhaps go waste and unrecognized. Through their interaction with their teachers and various extension activities, the students are made to understand their duty towards society and instill in them a sense of what society is doing for them. It is all about providing a bigger picture to the students so that they see themselves not as isolated individuals but a part of the larger social whole which they can change for the better. The good for one will necessarily mean the good of the other.

The Practice: The College encompasses the following objectives in its vision and mission statement

1. Encourage the students to apply the ideas learnt in the classroom to real life situations.
2. Motivate the students to learn more than the syllabi and to consider education as a life-long endeavour.
3. Utilize education into making the students better human beings.
4. Promote original thinking.
5. Develop the inherent capabilities of the students.

At the very portal of the institution the immortal words of Swami Vivekananda “Be Man & Make Man” is inscribed in Bengali – “*Esho Manush Hao*”. Every day before the start of the normal college hour the immortal teachings of Swami Vivekananda and other great people are played through the public address system. Weekly Value education classes are a part of the college routine. The Brahmacharies of the Vivekananda Mission Ashram provides us with the

necessary support. The birth anniversary of Swami Vivekananda is observed in the College with zeal and fervour. Seminars on Swami Vivekananda's teachings are held to mark the occasion. The College has a ritual of beginning any ceremony held in its premises with the offerings of floral tributes to Swami Vivekananda's statue and portrait. Other than all these the Prospectus remains an important medium to impart the values the college holds dearly among its stakeholders especially students. Parents-teachers meetings also remain an important forum to disseminate our vision.

Evidence of Success: The growing participation of our students in community activities like NSS, their zeal in being part of different institutional activities, the interest they show in value-education class are all pointers to the fact that our interventions in their development as rounded human beings have been indeed positive.

Problems Encountered and Resources Required: The consumerist culture of our times poses a real problem. The crass consumerism espoused in media and otherwise does affect the students. Our belief in individual choices sometimes ends up making us forget community interests. Social responsibility takes a back seat. The increasing politicization of students along party lines has been another problem, accentuated in our case as Purba Medinipur has seen political disturbances. The political conflicts in the neighbourhood sometimes manifest themselves amongst the students creating unrest.

7.4 Contribution to environmental awareness / protection

We have ensured that the campus is a no-plastic zone by forbidding plastic products not conforming to environmental regulations. Deep pits in unused campus area have been dug for the disposal of biological wastes. As regards chemical wastes separate storage containers are in place for metal wastes, halogenated solvents, non-halogenated solvents and acid wastes.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOC Analysis)

Strengths

1. Exemplary leadership of the Principal.
2. Healthy relationship among the teachers and the college students.
3. The marked development of infrastructure in the last few years.
4. Competent and motivated teachers.
5. The serenity of the college campus coupled with the availability of necessary amenities for the students.
6. Satisfying success-rate considering our location, a scheduled region and the background of the students we get, many of whom are first-generation learners who have to help their family in agricultural and menial activities.
7. Mobilization of funds from various external sources.
8. Introduction of quite a few new subjects in both traditional and emerging fields in the last few years.

Weaknesses

1. Laboratories are to be modernized and better equipped.
2. Inadequate number of full-time faculty and technical staff.
3. Many of the new departments do not have full-time faculty and are manned by Part-time faculty and Guest lecturers.
4. No meaningful linkages and collaboration with industrial set-ups, especially taking into account our proximity to Haldia.
5. The library needs to stock up its collection of borrowable digital and e-materials.

Opportunities

1. Provision of hostels for both girls and boys to attract students from remote far flung areas of Purba Medinipur and the adjoining district of South 24 Parganas.
2. Setting up of the study-centre of Netaji Subhas Open University to maximize the opportunities of higher education.
3. Introduction of Post Graduation programmes .
4. Presence of Remedial Course to support slow learners and students belonging to disadvantaged sections of society.

Challenges

1. Developing a culture of using e-technology in teaching-learning and other academic activities both among teachers and students.
2. Job opportunities for ordinary Graduate students.
3. Inclination among students to get involved in party-politics.

8. Plans of institution for next year

1. Completion of the construction of the new library building .
2. Getting ready with the Self-Study Report as a preparation of NAAC visit
3. Smoothly running the Postgraduate courses
